About KoNex

We have been working in the professional beauty industry since 1999, serving our customers through both superior service and superior products. From starting off in a small office in Illinois to now expanding to another branch in Maryland, our family-owned and humbly-operated company has grown and transformed. We have relationships with thousands of reputable brands that serve the beauty market. These partnerships guarantee our customers that anything they purchase from us will be proven, reliable, and of the utmost quality.

We are also experts with a passion for service. From our earliest beginnings, we've always strived to instill a dynamic within our business that seeks a "partnership in performance and excellence" with each employee and customer in order to satisfy their needs. With our careful attention to quality and the time invested into each production, we ensure our clients receive the best products. Our vision has been and always will be to provide our customers with a full range of products that have the highest excellence in quality.

Our success is a direct outcome of our quality people. Our employees, whether our sales team or our internal staff, work earnestly to ensure our customers are taken care of. Through careful selection we identify people who share the same passion in working as a team: the tenacity to work diligently, the commitment to work honestly, and the resolution to work with integrity. That means we take responsibility for our actions and always do the right thing – with our customers, our suppliers, and our colleagues. The skill and talent of our team and the passion in serving our clientele sets us apart not only in the industry, but as a company.

We greatly appreciate our customers. Our business is operated responsibly so that our customers can have full confidence and complete trust in our high-quality products and our competent team. We will continue to strive to be a team that is committed to the values that make our business great. We look forward to working with you.
